Baker Village Made

Low Rent Project

Many Families Of Non-Coms Forced To Seek New Homes

Baker Village Housing Project for Fort Benning military and civilian personnel has been ordered changed to a "low rent" development effective July 1, George W. McKenney, manager of the Baker Village Project at the Columbus Housing Authority, has announced.

The redesignation of the housing project, which eventually will require a sizable portion of the 700 families residing in Baker Village and Baker Village Annex to seek other homes, was necessitated by the Army's direction that Federal regulations change temporarily to provide for low rent development of future public housing projects.

Baker Village and the Annex were built with Federal government funds under provisions of the Housing Act of 1937, but the new rules, provided their eligibility under the "low rent" program, was continued, "will require Federal regulations to adopt certain standards of eligibility, income, rent and type of building.

Graded schedules as approved by the Office of Price Administration will run from $1.00 to $2.00 per month for a family of two persons, to $3.00 to $4.00 per month for a family of six persons.

Colonel McKenney stated: "We have received in recent days communications from several hundred families concerned with the change to the "low rent" program. They have asked for clarification of the rules and regulations governing the new project.

Since the project was referred to the Federal Housing Administrator for reexamination under the "low rent" program, the executive staff is preparing to make a complete study of the project and its eligibility for the "low rent" program.

The income standards, which are now in effect, provide for a family of two persons in Baker Village to pay 10 per cent of their income for rent, a family of four persons, $2.00 per month, and a family of six persons, $3.00 per month.

The redesignation of the housing project, which eventuates in the status of "low rent," is expected to bring about a number of changes in the housing project, including the establishment of a pool of surplus housing units to be used by new families who wish to enter the project.

Those families who have been residing in Baker Village for over one year, as well as those who have been residing in Baker Village Annex for over six months, will be eligible for reassignment to Baker Village and the Annex under the new "low rent" program.

TABS Bids Farewell To WAC Detachment

TABS commanding Maj. Gen. George Chapman, bids the Air- 
Moy Batoon WAC Detachment goodbye, on behalf of himself and the 
on the Aspinwall personnel here Saturday. The general voiced the 
strong support of TABS to the assembled detachment, saying: 
"The departure of the Airborne school WAC's here signals the end of a program that has been of great 
help to our personnel. The WAC's here have been outstanding in every way and their 
leadership has been an inspiration to all.

Here's An Easy Way To Test Hair Quality

It's a simple way to check the quality of your hair's color and texture. Just look at it. 
If it's dark, it's strong. If it's light, it's weak. If it's dull, it's dry. If it's shiny, it's healthy. 

Capt. Bolton Joins AGF Bd., Fought In France, Germany

Among the recent arrivals as a test officer of the Army Ground Forces Board is Capt. Donald P. Bailey, a West Pointer and a veteran of several important battles in Europe. 

Capt. Bolton, a resident of Win-

Flak Holes in Plane Didn't Bother 'Youngest' Major

Credited with destroying 19 Nazi planes, he is the youngest officer of the United States Air Force to be promoted to major. He is a member of the 357th Fighter Group, the Eighth Air Force, the American fighting force in Great Britain.

Major John H. England, son of Mr. and Mrs. William England of Andover, Mass., was born in the United States on Nov. 13, 1923. He entered the Service in November of the same year. He was commissioned at the University of Texas Cadet Officer Training School, Austin, Texas, in November, 1943. Graduating from that school, he was sent to Lawson Field, Georgia, to complete his training as a fighter pilot. He served as an instructor pilot, and was a member of the 357th Fighter Group in November, 1945. He received the Distinguished Flying Cross after nine months on active service behind the lines of battle.

Major England arrived in the British theater of operations in January of 1943, after nine months in training in the United States. He was assigned to the 357th Fighter Group of the Eighth Air Force.

Although he never received an executive position, Major England's ambition was to be a fighter pilot. He was assigned to the 357th Fighter Group of the Eighth Air Force.

Major England, a native of Andover, Mass., has been stationed in every theater of operations. He arrived in the British theater of operations in January of 1943, after nine months in training in the United States. He was assigned to the 357th Fighter Group of the Eighth Air Force.

The artist and the carpenter construct academic directory

Two carpenters and an artist of the Academy of Arts and Crafts in New York City have constructed a directory which is an accompaniment to the academic regiment, The In- ternational, a coeducational school for artists and craftsmen, which is covered by a board that shows the organization of the school.

The directory has been presented to the International by Mr. and Mrs. Alfred R. Schon, who own the school.

The directory consists of a directory card, which is provided with a place for each student of the school, and a biographical card, which is provided with a place for each student of the school. The directory is on display at the school, and is easily removable to facilitate the movement of students.

Airborne School Sarge Has Made 576 Jumps

Plunging 5,000 feet straight down is a daily routine for Pvt. Edward F. Lefever, who recently enrolled in the parachute school at Fort Benning. Following rigorous instruction, Lefever now holds the rank of private first class, and is the sarge or instructor of the parachute school.

Lefever, who has held this post for 2 1/2 years, was taught by Capt. Frank D. Crockett, who recently handed over to Capt. Frank D. Crockett, who recently handed over to Lefever his own job.

Capt. Crockett's parachute school was opened in January of 1944, after his return from overseas service during World War II. Since then, the school has trained over 500 parachutists, and Lefever has been the main instructor.

Lefever's job is to teach the students the basic skills of parachute jumping, including the proper techniques for opening the parachute, controlling the descent, and executing a safe landing. He also supervises the students during their jumps, providing guidance and support as needed.

A Majestic Surge

In Historic Battle on Belvedere

1st Sgt. Thomas Hawley of the 6th Company, Acadia, who was the leader of the hand-held charges that caused the destruction of the German artillery, was decorated by Sgt. George S. Johnson of the 7th Company, Acadia, for his courage in the face of plunging fire, to earn a promotion from Grenadier to Grenadier of the 7th Company.

While helping his men to move to safety on the heights of Belvedere, the 1st Sgt. was shot and killed, but his leadership and bravery had already secured the advance of the unit and the subsequent defeat of the enemy.

3 Generals See DC Squad Set Problem Record

Before an inspection group of the 3rd Infantry Division, Maj. Gen. George S. Patton, Commanding General of the 3rd Infantry Division, and Maj. Gen. Harold H. Johnson, Commanding General of the 2nd Armored Division, observed the actions of the DC Squad, a squad of men from the 7th Infantry Division, in a set-piece assault on Belvedere.

The squad, under the command of Pvt. John W. Smith, had been trained in a series of live-fire exercises and was now ready to demonstrate its abilities in a real-world scenario.

Benning-Born 2nd Armored Made Permanent Division

The Second Armored Division, then known as "Hell on Wheels," has been declared a permanent unit with the rank and file of the division's officers and men set to permanent standing at the Division's headquarters.

Activated on December 1, 1943, with Maj. Gen. W. K. Gallery commanding, the "Hell on Wheels" became the first armored division to be declared a permanent unit in the Second Armored Division. The division's officers and men, now known as the "Hell on Wheels," have been declared permanent from the date of their formation.

Pegler Scorns Roosevelt Shrine

Poor Westbrook Pegler—he finally got away on a vacation and what did they do behind his back but dedicate the Roosevelt shrine.

It's like that because our government is based on Christian principles, our American people have a way of idolizing leaders in order to comfort themselves in times of despair. It's impossible to pass the illusion of their presence that the Roosevelt shrine provides.

This young artist from a young town of spiritual radiation, who depicted the figure of Christ, the young artist was very pleased with his dedication.

Some years later da Vinci found himself in need of a model for Judas Iscariot. After a long search he found a biggar with a loathsome face. That face now repugnant, was once the face of Christ. The tragedy of the great traitor, had been re-enacted in his very eyes.

Our Nation is blessedly in God's hands. We all know how the Lord, through the Church, is leading us in this world change. We are closer than ever before to the realization of his plan.

Prayer was the key. On June 26th, in an open field, the President of the United States opened the lines of Communication with the One who made them. The breaking of these lines meant certain victory.

The President, in his prayer, said that in the words of prayer, "From the Adamic to the Enochian, this was the first time in history that men had been allowed to open lines of Communication with the One who made them."

Famed Reception Center Band, Orchestra Disbanded

By Sgt. W. A. RAGINS

The famed "Reception Center Band," the Army's official marching band, will be disbanded at the end of the month. The band, which has been a favorite of the Army for many years, will be replaced by a new and improved band. The band will be relocated to a new location, and it is hoped that the new band will be even more popular than the old one.

The band was formed in 1932 and has been in existence ever since. It has played at many important events, including the 1933 Chicago World's Fair, the 1939 New York World's Fair, and the 1940 World's Fair in San Francisco. The band has also played at many other important events, including the 1944 D-Day celebrations in France.

The band will be replaced by a new and improved band, which will be located in a new building. The new band will be even more popular than the old one, and it is hoped that it will continue to be a favorite of the Army for many years to come.

The Inner Circle

Here is the answer to the beauty of the world. It is an inner circle of beautiful women who have the power to transform the world.

The story of the inner circle begins with a group of women who are tired of the world as it is.

They decide to form an inner circle of beautiful women who will fight for a better world.

The inner circle gathers at the home of Mrs. John Dahl on April 19th to plan their next meeting. They decide to hold their next meeting on April 25th at the post theater.

They will wear beautiful dresses and have a wonderful time.

They will also invite other beautiful women to join their inner circle.

The inner circle will be the start of a movement to make the world a better place.

RC Barber, 72, Shaved

Gen. Pershing in Mexico

BY SGT. W. A. RAGINS

You were probably too young to remember, but so many of the veterans of the Spanish-American War still dwell in the memories of those who served during that conflict. Joseph N. "Steve" Stevens, one of the youngest of the veterans of that war, is now living in the Fort Benning area. He was born in Columbus, Georgia, in 1872. He has lived in the area for many years.

Mr. Stevens' story is a typical example of the hardships and privations that were endured by the soldiers of the Spanish-American War. He joined the Army at the age of 17 and served in the 25th Infantry. During his service, he was captured by the Spanish and spent three years in a POW camp. He was released in 1898 and returned to the United States.

After his discharge from the Army, Mr. Stevens worked as a laborer and then as a barber. He married and raised a family. He was a member of the Columbus Elks Lodge and the American Legion.

Mr. Stevens is a true patriot and a living reminder of the sacrifices made by the soldiers of the Spanish-American War. He is a popular figure in the Columbus community, and his story is an inspiration to all veterans.

Track Coaches Issue Call For Cilder Talent

A Pott Benning track team, under the guidance of Capt. Francis E. Keough of The Athletics School, has been organized and has been holding daily practice sessions. William Fennell, assistant athletic offi-
cier, has charge of the call.

The call is not throughout The Athletics and is scheduled for all men with track experience who desire to make out for the team. Practice workouts for team participants are held each detail, with the exception of Wednesdays and Saturdays, on Doughboy turf beginning at the time designated by the call. Practice equipment is furnished men re-
porting for practice in the usual athletic office.

Meet With Antburn Flannan

So far only a handful of trackmen have shown up for the call. It is hoped that plenty of tenderers in necessary before Ben-
ingen can be expected to come out of the flan-

ging outside competition. If a full squad is not organized, tentative arrange-
ments will include a practice session at least each week. The first meet planned is participation in the Georgia State Track Meet at Athens May 11. The squad is in the A group department is probably Coach Hart and consists of such promising men as James Ashworth, who can win 100 and 220 yard dashes; Bill Hall, hurdles, and quarter-mile plug; and Richard Green, long jump and put.

13 Academic Rifle Teams Compete In 22 Cal. Meet

By PRIVATE JOHN DORRINE

After weeks of practice and work in the field, 22 Academic Regiment's rifle units are set for the 22 caliber rifle tours-

ships which will be held May 1. A team from each Academic Company is ex-

pected to be in the meet and competitive spirit runs high. The contest, which is conducted by Captain Lindsey, is to show the skill of the individual in the field and the efficiency of their firing units.

The members of the winning team and their dates are to be announced by Captain Lindsey, with teams from Fair Park, Sportsman Park, St. Louis and the seven other National League teams. Those teams are to be announced by Captain Lindsey, with teams from Fair Park, Sportsman Park, St. Louis and the seven other National League teams. Dooley, Cleveland Hurler, Joins Airborne School Nine

BY CPL. DICK STROUPE

The normally disciplined New Britain, Conn., houseof-records legend of victory Wednesdays may have contained a strange shock for his teammates this past week. Dick H. Dooley, former baseball hurler with the Cleveland Indians and now in summer training here, has joined the Airborne team.

The Airborne team will attempt to bring the winning trend to a halt when they meet today in Theungling. The winning trend will be the University of Minnesota, which has had the unenviable experience of being the only team in the country to have been defeated by the Airborne in the last 15 games.

The addition of Pat Flood Dooley, who has just returned from his practice camp in California, will add to the strength of the team. The Dooleys, who have been practicing baseball for the past three weeks, will be in shape for the upcoming season.

In addition to playing baseball, Dooley will also be training for his role as a University of Minnesota coach.

TABS Bows To Thomason

BY CPL. DICK STROUPE

The Thompson textile nine won its second victory over the Airborne team in a row Saturday night when the Groomers defeated the Airborne hurlers for 15 safeties and an 11-5 win. This was the third loss in four starts for the Airborne.

Thomason faulted four runners in the top half of the inning after the Thompson had taken a 10-5 lead in the sixth inning.

From this point on, the Airborne team's superiority at the plate was evident. Winning pitcher Noble gave up only five single hits and four doubles to his opponents. The Thompsons did not score a single hit in the top half of the inning after the Thompsons had taken a 10-5 lead in the sixth inning.

The Thompsons' second loss of the season came against the University of Connecticut, which scored three runs in the bottom of the ninth inning to win the game, 12-11.

Spring Grid Drill To Start Monday

JL. William Meek, football coach, has announced that a spring football practice season will be held for five weeks beginning April 9, with practice sessions being held Monday through Thursday.

The practice will be open to all players, and will be in session with several practice games scheduled for the next three weeks.

If Meek would like to be contacted, he can be reached at the athletic office.

TIS Splits 2 With Indians

The Infantry school baseball team broke even in the Tiss splits with the Indians in a two-game series over the weekend. The Indians won Saturday, 2-1, and the Tiss team beat the Indians 6-3 before the third-place pitching of Dewey Wilkins, who went all the way and allowed only one run.

Going into the third-place pitching, the Indians had a stabilizing six-run lead of 16-4 but the Indians, who had been struggling in the field, were able to hold on the two runs in the ninth inning. Then in the ninth inning, the Indians pushed across three more runs to clinch the victory.

Dooley, pitching in Sunday's game, allowed four hits before the save was made by Ernie LaCava. LaCava was held and gave way to Roll Johnson, who was charged with the loss.

The Infantry school's record now is 11 victories against six losses.
